

FIG. 1B

× 5,000

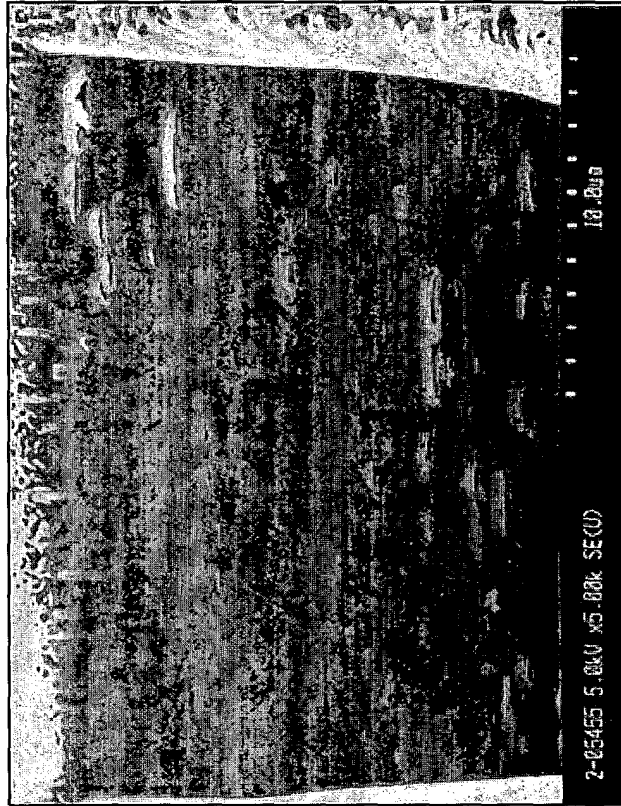

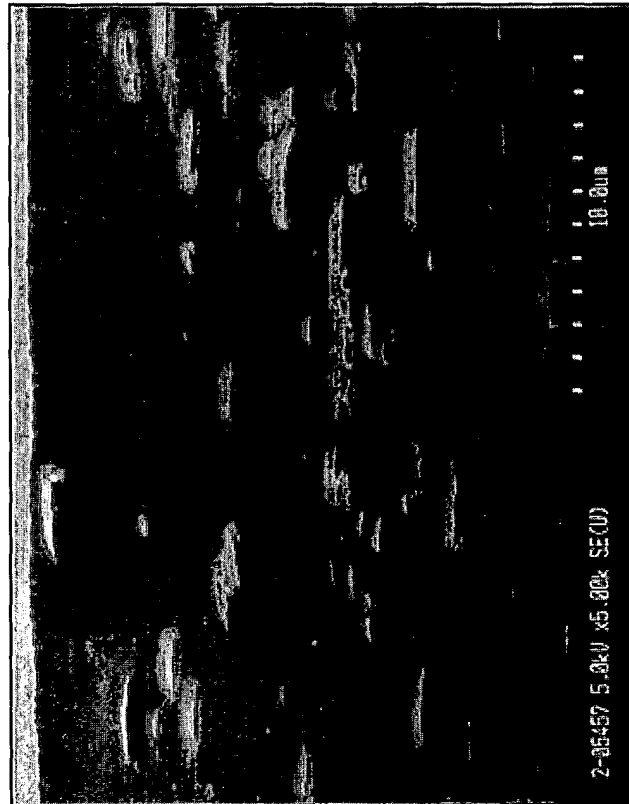

FIG. 1A

× 5,000

A schematic diagram of a probe assembly 1. The assembly includes a central shaft 5. At the left end, there is a coupling mechanism 3. A vertical component 2 is mounted on the shaft, with a vertical part 2a and a horizontal part 2b. A probe tip 21a is attached to the horizontal part 2b. A vertical part 2c is also shown. A horizontal part 22a is connected to the vertical part 2a. A horizontal part 22b is connected to the horizontal part 2b. A horizontal part 21b is connected to the coupling mechanism 3. A horizontal part 21c is connected to the shaft 5. A horizontal part 22c is connected to the vertical part 2c. A horizontal part 4 is connected to the shaft 5. A horizontal part 6 is connected to the shaft 5. A horizontal part 61 is connected to the shaft 5. A horizontal part 62 is connected to the shaft 5. A horizontal part 7 is connected to the coupling mechanism 3.
